

KLAJDI AJDINI

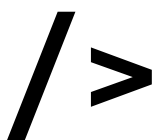

MULTIMEDIA & WEB DESIGN STUDENT

/ ALL ABOUT ME

I am passionate and hardworking second year multimedia student with a big love for web development. I am always keen on learning new and exciting technologies that can improve a user's experience on the web.

In my free time, I enjoy working with other people on coding projects because it is very valuable to share the knowledge and learn from each other.

Last but not least, I am a perfectionist. I always try to get the top results and give 110% of myself in any given task.

/ WORK EXPERIENCE

>> Hogwarts student list

This project was all about making a web app for the "Hogwarts Administrator". It gives you access to students from the infamous 1991 class-year and you can interact and filter, sort, search, expel, appoint as prefect etc... PS: try clicking on the first big red "H" on the landing screen.

>> Digital Presence of Lis Stender

This project is about the online presence and visual identity of Lis Stender, greenlandic graphic designer. It spreads awareness about climate change and how it is affecting and melting icebergs in Greenland. This project was part of a school exam.

/ EDUCATION HISTORY

>> Kea Copenhagen school of design & technology

AP Multimedia design | Currently enrolled

Member of Copenhagen code pals coding group with scheduled meet-ups every Wednesday.

/ COMPETENCIES

- > HTML
- > CSS
- > Sass
- > Javascript
- > Git / Github

/ CURRENTLY LEARNING

- > React
- > Functional Programming

/ OTHER INTERESTS

- > Role and growth of technology in societal growth
- > Learning new and exciting programming languages
- > Vr and Ar
- > Always thirsty and willing to acquire new skills
